This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. A propos de ce livre

Ceci est une copie numérique d'un ouvrage conservé depuis des générations dans les rayonnages d'une bibliothèque avant d'être numérisé avec précaution par Google dans le cadre d'un projet visant à permettre aux internautes de découvrir l'ensemble du patrimoine littéraire mondial en ligne.

Ce livre étant relativement ancien, il n'est plus protégé par la loi sur les droits d'auteur et appartient à présent au domaine public. L'expression "appartenir au domaine public" signifie que le livre en question n'a jamais été soumis aux droits d'auteur ou que ses droits légaux sont arrivés à expiration. Les conditions requises pour qu'un livre tombe dans le domaine public peuvent varier d'un pays à l'autre. Les livres libres de droit sont autant de liens avec le passé. Ils sont les témoins de la richesse de notre histoire, de notre patrimoine culturel et de la connaissance humaine et sont trop souvent difficilement accessibles au public.

Les notes de bas de page et autres annotations en marge du texte présentes dans le volume original sont reprises dans ce fichier, comme un souvenir du long chemin parcouru par l'ouvrage depuis la maison d'édition en passant par la bibliothèque pour finalement se retrouver entre vos mains.

Consignes d'utilisation

Google est fier de travailler en partenariat avec des bibliothèques à la numérisation des ouvrages appartenant au domaine public et de les rendre ainsi accessibles à tous. Ces livres sont en effet la propriété de tous et de toutes et nous sommes tout simplement les gardiens de ce patrimoine. Il s'agit toutefois d'un projet coûteux. Par conséquent et en vue de poursuivre la diffusion de ces ressources inépuisables, nous avons pris les dispositions nécessaires afin de prévenir les éventuels abus auxquels pourraient se livrer des sites marchands tiers, notamment en instaurant des contraintes techniques relatives aux requêtes automatisées.

Nous vous demandons également de:

+ *Ne pas utiliser les fichiers à des fins commerciales* Nous avons conçu le programme Google Recherche de Livres à l'usage des particuliers. Nous vous demandons donc d'utiliser uniquement ces fichiers à des fins personnelles. Ils ne sauraient en effet être employés dans un quelconque but commercial.

+ *Ne pas procéder à des requêtes automatisées* N'envoyez aucune requête automatisée quelle qu'elle soit au système Google. Si vous effectuez des recherches concernant les logiciels de traduction, la reconnaissance optique de caractères ou tout autre domaine nécessitant de disposer d'importantes quantités de texte, n'hésitez pas à nous contacter. Nous encourageons pour la réalisation de ce type de travaux l'utilisation des ouvrages et documents appartenant au domaine public et serions heureux de vous être utile.

+ *Ne pas supprimer l'attribution* Le filigrane Google contenu dans chaque fichier est indispensable pour informer les internautes de notre projet et leur permettre d'accéder à davantage de documents par l'intermédiaire du Programme Google Recherche de Livres. Ne le supprimez en aucun cas.

+ *Rester dans la légalité* Quelle que soit l'utilisation que vous comptez faire des fichiers, n'oubliez pas qu'il est de votre responsabilité de veiller à respecter la loi. Si un ouvrage appartient au domaine public américain, n'en déduisez pas pour autant qu'il en va de même dans les autres pays. La durée légale des droits d'auteur d'un livre varie d'un pays à l'autre. Nous ne sommes donc pas en mesure de répertorier les ouvrages dont l'utilisation est autorisée et ceux dont elle ne l'est pas. Ne croyez pas que le simple fait d'afficher un livre sur Google Recherche de Livres signifie que celui-ci peut être utilisé de quelque façon que ce soit dans le monde entier. La condamnation à laquelle vous vous exposeriez en cas de violation des droits d'auteur peut être sévère.

À propos du service Google Recherche de Livres

En favorisant la recherche et l'accès à un nombre croissant de livres disponibles dans de nombreuses langues, dont le français, Google souhaite contribuer à promouvoir la diversité culturelle grâce à Google Recherche de Livres. En effet, le Programme Google Recherche de Livres permet aux internautes de découvrir le patrimoine littéraire mondial, tout en aidant les auteurs et les éditeurs à élargir leur public. Vous pouvez effectuer des recherches en ligne dans le texte intégral de cet ouvrage à l'adresse `http://books.google.com`

PRÉFACE.

L'ouvrage que j'ai l'honneur d'offrir aujourd'hui aux savants est un fruit de mes voyages pendant plusieurs années. J'ai visité les musées de Boulaq, de Paris, de Londres, de Leide, de Turin, de Berlin, de Vienne, de Naples, de Rome, de Florence, de Munich, de Liverpool et de Stockholm, et partout j'ai copié les listes généalogiques qui se trouvent sur les stèles et sur les autres monuments Égyptiens. De même j'ai pris, pour procurer les matériaux aussi complets que possible, les listes qui se trouvent sur les monuments déjà publiés, par exemple dans: „Lepsius, Denkmäler aus Aegypten und Aethiopien," dans: „S. Reinisch, die ägyptischen Denkmäler in Miramar" &cet. J'espère encore pouvoir ajouter dans une appendice les inscriptions des monuments Égyptiens de Copenhague, de St. Pétersbourg et peut-être de New-York, et alors j'aurai épuisé presque toutes les collections Égyptiennes, excepté quelques unes de peu d'étendue qui se trouvent dispersées en differents endroits. J'avais un double but: d'abord de recueillir les matériaux d'un dictionnaire de noms Égyptiens, à coup sûr pas complet, mais au moins aussi complet que possible; puis d'utiliser les listes généalogiques pour

la chronologie Égyptienne, ainsi que l'a montré M. le Vic. E. de Rougé dans son excellent mémoire sur les monuments des six premières dynasties Égyptiennes,[1] et ainsi que j'en ai donné une preuve dans mon mémoire sur la 22ième dynastie, inseré dans la Revue archéologique[2]. Il était nécessaire pour ce double but d'arranger les listes tant en ordre généalogique qu'en ordre alphabétique. Aussi j'ai essayé dans l'ordre généalogique de suivre le fil chronologique, une règle à laquelle il n'a pas toujours eté bien facile de satisfaire et contre la quelle je regrette d'avoir péché moi-même (No. 257—259, pag. 84).

On a très bien dit qu'il n'est pas toujours prudent d'accepter sans examen les renseignements généalogiques qui nous sont accidentellement fournis. Il est donc nécessaire de recueillir, s'il est possible, toutes les inscriptions sur les monuments généalogiques, afin que l'examen puisse se faire avec plus de sûreté. On ne peut pas se fier seulement sur un de ces monuments, il faut en avoir plusieurs pour pouvoir comparer et verifier les uns sur les autres.

Je n'ose espérer que j'aie toujours justement lu et copié les titres et les noms dans des inscriptions souvent fort endommagées. C'est surtout à l'égard de celles qui se trouvent au Louvre et dans le musée de Turin que j'ai le plus de doute.[3] Mais je prie les savants de vouloir

pardonner les défauts, inséparables peut-être d'un ouvrage qui est le premier en son genre. Pour une seconde édition on pourra profiter de leurs observations.

J'ai partout cité l'endroit où les monuments se trouvent avec les indications, lettre et numéro, affichées, dont les dernières quelquefois manquent, mais seulement dans les cas, qu'elles manquent sur les monuments. Pour que l'investigateur puisse plus facilement retrouver mes numéros dans les musées, je citerai les ouvrages descriptifs des musées que j'ai eus sous les yeux et qui m'ont guidé dans mes citations :

1. Notice des principaux monuments exposés dans les galeries provisoires du Musée d'antiquités Égyptiennes de S. A. le Vice-Roi à Boulaq par Aug. Mariette-Bey. Deuxième édition revue et augmentée. Alexandrie 1868.[1]

2. Notice sommaire des Monuments Égyptiens exposés dans les galeries du Louvre par le Vicomte Emm. de Rougé. 2e édition. Paris 1860.

3. Description raisonnée des Monumens Égyptiens du Musée d'antiquités des Pays-Bas à Leide, par Le Dr. C. Leemans. Leide 1840.

6. Indication succinte des Monuments Égyptiens du Musée de Florence par le conservateur A. M. Migliarini. Florence 1859.

[1] Quelque fois les numéros affichés ne s'accordent pas avec les numéros de la Notice. Dans ce cas j'ai toujours cité les premiers.

Sire,

La munificence de Votre Majesté m'a mis à même de visiter les rives du Nil et d'y continuer mes études sur la langue et les antiquités de l'Égypte.

Si mes recherches ont eu quelque succès, je les dois à Votre Majesté; un sentiment de vive gratitude m'a donc porté à aspirer à l'honneur d'en dédier les résultats au Souverain qui a daigné encourager mes efforts.

Je suis avec respect

Sire,

De Votre Majesté,

Le très-humble et très-obéissant
serviteur et très-fidèle sujet.
